GETTING TO KNOW POPE BENEDICT"

from the official visit website (www.thepapalvisit.org) where further resources are available

Pope Benedict XVI was born Joseph Alois Ratzinger in Marktl am Inn, Diocese of Passau in Germany on 16 April 1927 (Holy Saturday) and was baptised the same day. His father, a policeman, came from a family of farmers from Lower Bavaria. His mother, Maria, was the daughter of artisans from Rimsting on the shore of Lake Chiem, and before marrying she worked as a cook in a number of hotels. He spent his childhood in Traunstein, a small village near the Austrian border, thirty kilometres from Salzburg. In this environment, which he himself has defined as "Mozartian", he received his Christian, cultural and human formation. His early years were not easy. His faith and the education received at home prepared him for the harsh experience of those years during which the Nazi regime was hostile towards the Catholic Church - the young Joseph saw how some Nazis beat the Parish Priest before the celebration of Mass. It was during this difficult and complex situation that he discovered the beauty and truth of faith in Christ.
